ANGUS SALE**

Tuesday, 1:00 p.m. (MST)

**MARCH 8, 2022**

At the Ranch, Yuma, CO

3 1/2 Miles South of Yuma on Hwy. 59

Greetings to our very good friends and customers! Welcome to our 2022 Cattleman's Connection Sale at the Wagon Wheel Ranch!

As with everybody, we've had to weather the craziness with Covid, markets and the continued drought. To those of you who are among our valued bull and female customers, we continue to provide those things you've come to expect from us, which are traits that meet the demands of cattlemen everywhere.

Again, we had tremendous success with a set of steers being fed through the 2020-2021 Yuma County Cattlemen's Feedlot Trial. Out of a total of 88 head entered, WWR steers in the rate of gain side placed 4<sup>th</sup> and 5<sup>th</sup>. On the carcass side, WWR steers placed 5<sup>th</sup>, 6<sup>th</sup>, 8<sup>th</sup> and 9<sup>th</sup>. In the overall ranking a WWR entry was the Reserve Champion Steer.

I point to this example as how we validate our program here at the ranch. We present our bulls in their working clothes, nothing fancy, no flashy photography, just simply as they'd go to work for you.

If you want to see bulls with a proven work pedigree, then that's what we have to offer. Come see our sale offering and we feel you'll agree. These bulls are range ready and proven performers.

Thank You!

## 30 Purebred Open Angus Commercial Heifers & 10 Open Black Whiteface Angus x Polled Hereford Heifers

The commercial Angus and F1 Polled Hereford cross baldy heifers have the same excellent genetics as the base of our cow herd. Calving ease, milking ability, easy fleshing ability, fertility, and excellent longevity in your herd. Carcass genetics and feeding performance is a mainstay of our herd. Weights will range from 650 - 800 pounds by sale day. These heifers are unbranded so that when you put yours on, it will be the first and only brand on them.

We sort these heifers into uniform groups of 10 head and when selling the buyers will have the chance to pick from 1 to 10 heifers. After the first selection, if any heifers remain in that pen, then the next opportunity will be to buy out of that draft for same money. If any remain after that, then the next winning bid cleans the ring.

We've also started them on their first round of prebreeding vaccinations for those of you who choose to go with a modified live vaccination, they were administered at the same time as their Bangs vaccination, a dose of Zoetis Bovishield Gold 5 VL5. This way if you choose to continue with that program during their lifetime it's already started for you. We recommend that you continue with a vaccination schedule throughout these animals' lifetime.

We are deeply committed to the over all health of our herd and strongly believe a good and proper vaccination program is the foundation to the health and vigor of the cows, calves, and bulls which go through our ranch.
