

CATTLEMAN'S CONNECTION ANGUS SALE

Tuesday, 1:00 p.m. (MDT)

MARCH 14, 2023

At the Ranch, Yuma, CO

3 1/2 Miles South of Yuma on Hwy. 59

Hello Friends!

This may well be a year for the books, but perhaps more weather wise than talking about our bulls and focus of our ranch. As many of you have experienced - we have been in a drought for the past few years. As a result, we have reduced our herd from our normal numbers and we can certainly relate to the fact some of you may have had to make the same decision.

Now we find ourselves dealing with record snow both from amounts and longevity of how long it's been around. Once again, difficult decisions needed made and many others did make those tough calls too. As with the drought management, we made our own which were painful, and not what we preferred to be doing. We now have all the cows at the ranch rather than wintering on cornstalks and feed supplies are shrinking fast. This year, we've been so busy battling the elements we didn't get a chance to clean up our bulls for their sale pictures. They are and will be in their working clothes. But the last time I checked, the cows aren't real particular about that so things will be just fine.

To the sale - our program and the cattle are based on actual performance, measured actual outcomes. We use EPDs as a tool but at the end of the day, it's all things verified by real data. To show we mean it, in the 2022 Yuma County Cattlemen's feeding trial, 3 out of the top 5 in the over-all ranking were Wagon Wheel Ranch raised steers. In the carcass side of that trial 1st, 2nd and 4th place ranked were Wagon Wheel Ranch steers. On the gain portion the 2nd place ranked was a Wagon Wheel Ranch steer which was also the 2nd place carcass steer. That steer won the overall contest.

If you look at the top 10 finishers, WWR steers were 1st, 3rd and 5th. This is real performance and one tool that we use as a measurement with our cattle.

Come take a break from everything and see what makes our program so successful. Our bulls just quite simply, get it done.

Hope to see you Tuesday, March 14, 2023 at the Wagon Wheel Ranch!

25 Purebred Open Angus Commercial Heifers & 10 Open Black Whiteface Angus x Polled Hereford Heifers

The commercial Angus and F1 Polled Hereford cross baldy heifers have the same excellent genetics as the base of our cow herd. Calving ease, milking ability, easy fleshing ability, fertility, and excellent longevity in your herd. Carcass genetics and feeding performance is a mainstay of our herd. Weights will range from 650 - 800 pounds by sale day. These heifers are unbranded so that when you put yours on, it will be the first and only brand on them.

We sort these heifers into uniform groups of 10 head and when selling the buyers will have the chance to pick from 1 to 10 heifers. After the first selection, if any heifers remain in that pen, then the next opportunity will be to buy out of that draft for same money. If any remain after that, then the next winning bid cleans the ring.

We've also started them on their first round of prebreeding vaccinations for those of you who choose to go with a modified live vaccination, they were administered at the same time as their Bangs vaccination, a dose of Zoetis Bovishield Gold 5 VL5. This way if you choose to continue with that program during their lifetime it's already started for you. We recommend that you continue with a vaccination schedule throughout these animals' lifetime.

We are deeply committed to the over all health of our herd and strongly believe a good and proper vaccination program is the foundation to the health and vigor of the cows, calves, and bulls which go through our ranch.
